

7th & 8th Grade Parents:

On Saturday, October 19th, all 7th and 8th grade Jr. Pioneer Band students are invited to join the David Crockett High School Pioneer Band and attend the Science Hill High School Marching Band Competition. There will be no cost to the competition. However, students will need money for concessions throughout the day. I would send a minimum of \$10 with your child.

Students will need to meet at David Crockett High School at 9 AM where they will watch the high school band rehearse for the competition. From there they will travel by school bus to Science Hill for the competition. Once at the school, 7th and 8th grade students will enter the stadium and watch different bands in competition.

We do encourage parents to attend also. Parents will have to pay admission to the competition which will be (we do not have this information yet but will pass along as soon as we have it) . At this point we do not know the exact time the competition will be over but it will be an all day event.

Students will be allowed to call when we leave Science Hill to give you an estimated time of arrival back at David Crockett High School. Parents attending the competition will be able to sign their child out through Mr. Garst at the stadium.
